Speaking Translation Tools and Dual Language Resource

Supporting Additional Language Learners (ALL) in the Classroom

Use leading edge technology to support your non English speaking pupils. Within the EMAS UK website there are 4 unique tools: 1) A digital vault containing 200 languages of dual language resources, 2) the UK's first educational talking translator 3) a two-way speaking translator, and 4) a textual translator that translates written text.

When a new arrival starts ideally every school would have a resources in the language of the new arrival and have knowledge of the country that they have arrived from, at EMAS UK this is as simple as logging on. We provide resources and tools that support additional language learners to be part of the school's learning community as quickly as possible.

These unique resources and tools include:
