Improving Teacher Programme - Cohort 2

Teachers seeking to deliver consistently good lessons

Are you keen to reflect on and improve your classroom practice?

Do you wish to know and understand the impact of the key concepts underpinning 'good' practice in the classroom?

Do you wish to consistently deliver good lessons?

Through individual and group work and reflection this nationally recognised programme will allow you to improve your practice in a wide range of areas including lesson planning, questioning, engagement, challenge, assessment and differentiation.

This programme (developed by OLEVI) will be facilitated by trained Rushey Mead staff who have themselves completed the Outstanding Facilitation Programme.

If you want to teach more effectively, thereby improving the performance of your students, this is the programme for you.

The Improving Teacher Programme equips delegates with a range of good teaching and learning techniques as well as developing their skills and the opportunity to apply these skills in school.

Rushey Learning is able to offer this programme at the RRP of £575.00 per delegate. Please note that 'Challenge Partner' schools receive 3 fully funded places this academic year.

It is strongly recommended that three teachers from each school attend together as the programme is modelled around 'learning threes'. A concessionary price of £450 per delegate will therefore apply if bookings are made in a 'learning three'.
