## >About The Event

Schools and Colleges will be showcasing their use of technology to support engaging and effective learning, sharing practice, resources and methods. Attendees will have an opportunity to tap into the scope of exciting practices going on across the city and take away practical ideas that they can apply in their own schools and colleges. The focus of the day will be on highlighting and sharing current practice.

A range of key partners and suppliers will be supporting the event.

## >About Stephen Heppell

Stephen's "eyes on the horizon, feet on the ground" approach, coupled with a vast portfolio of effective large scale projects over three decades, have established him internationally as a recognised leader in the fields of learning, new media and technology.

Stephen has worked, and is working with organisations and governments around the world, international agencies, Fortune 500 companies, and with schools and communities.
