

embc Regional Events for Schools

embc is changing...

In 2012 embc will be offering a wider range of connectivity and service options for schools to choose from when the contract with Synetrix ends. This means that the embc service will continue after 31st October. In the meantime you need to think about the levels of connectivity and which services you might like to take.

At each event senior management teams, governors and ICT leads in schools will have an opportunity to find out more about the different options on offer and meet the suppliers.

To register for one of the events please email embc@embc.org.uk stating your preferred venue, afternoon or twilight session and your name and school details.
